Maps and Guide for Touring Tachikawa

~ Touring Information along Tama Monorail ~

Kururin Kururin is a baby rabbit born in Winter. When she comes out from her burrow in spring, her tail expands and blossoms as if it were a Kobushi magnolia flower. Her cheek becomes like to swirling white she tries to see her tail by turning right and left. This is why people call her Kururin. Kururin is running through the Tachikawa cheerfully. But she wants more friends, so jump up from the Kururin Bus!
